

Family Innovation Fund-Xtra

The current Family Innovation Fund (FIF) is a range of established services for Children, Young People and Parents/Carers with low level needs that cannot be supported by services such as Schools, and GPs alone. FIF provides that little bit of extra help to support children, young people and parents/carers.

FIF-Xtra services have been set up so there is even more help available during this time, online and via telephone, to support children, young people and their families who are experiencing the effects of the COVID-19 pandemic.

- Understanding Coronavirus
- Managing and coping with change
- Separation and loss
- Managing and coping with anxiety
- Healthy family relationships
- Staying active and curious

This support is strictly for those who are not open to specialist or statutory services such as social care or mental health services. Children aged 0-19 (up to 25 with special educational needs and learning disabilities) and their parents/carers can access support; either individually, in groups, as a couple or the whole family.

To make a referral please look below at the different services below to see which can best meet the needs of those you are referring. If a family has more than one need, the organisation you do call will be able to help get the right support for everyone.

All these services offer one to one, group work, family work and support for parents in managing the behaviour of their children, or struggling with their relationship whether together or not.

Wilderness Foundation offer counselling and therapeutic support and may bring nature, art and other practical & creative tools into sessions. Appointments available: Monday -Friday 9am-5pm. Evenings & weekends by appointment.
